

CAKE DECORATING KIT

The kit contains piping bags in COEX polyethylene and four different nozzles for stylish decorations. The set also includes instructions so you can learn the basics of cake decorating.

Area of use

Decoration of pastries

Material

COEX-polyethylene

Packaging

On a roll with spray nozzles

Recycling

Recycled as soft plastic or incineration. During combustion, only water and carbon dioxide are formed. The energy extracted during the process can be used for e.g. heating.
