

3 TYPES OF PIPING BAGS & A COUPLER

Our coupler allows similar sized pastry decorating tips to be changed out quickly and easily without having to empty the decorating bag. You will be able to change standard sized and small tips without emptying the contents of your decorating bag.

Our **disposable & hygienic piping bags on rolls** are available with custom printing & private labels on box and bag. We have label info in English, Spanish and French. Its smooth inner walls allow for less pressure while piping consistently. With our anti-slip feel, your grip sits perfect. Our **loose packed piping bags** are available in loose packs and can be custom ordered in hanging packs for practical and easy removal of each piping bag. And last but not least, **our high temperature red piping bags** are heavy duty piping bags for hot applications like mashed potatoes and hot fudge.
