

ZIPPERED BUN RACK COVER

Avoid contamination of your fresh buns and other bakery products during storage and transportation, and keep them fresh and delicious at the same time with our Zippered Bun Rack cover. The transparent PVC material allows you to see your bakery products at all times – even in zipped position – and the durable and heavy nylon zipper, improve the stability of your trays in the rack.

Besides the zero contamination-solution, you will have a much more secure and orderly kitchen. You will get a clearer overview and may feel more relaxed – which will improve your effectiveness – when you know that your bakery products are safely stored in your Zippered Bun Rack cover.
